Assessment Tool

儿童语言能力标准化评估
DREAM-C 梦想普通话听力理解和表达能力标准化评估

剩余报告: 16次

适合人群: 面临语言障碍或其他相关障碍风险的2.5-8岁中国大陆儿童

评估形式: 基于平板电脑的直接测评

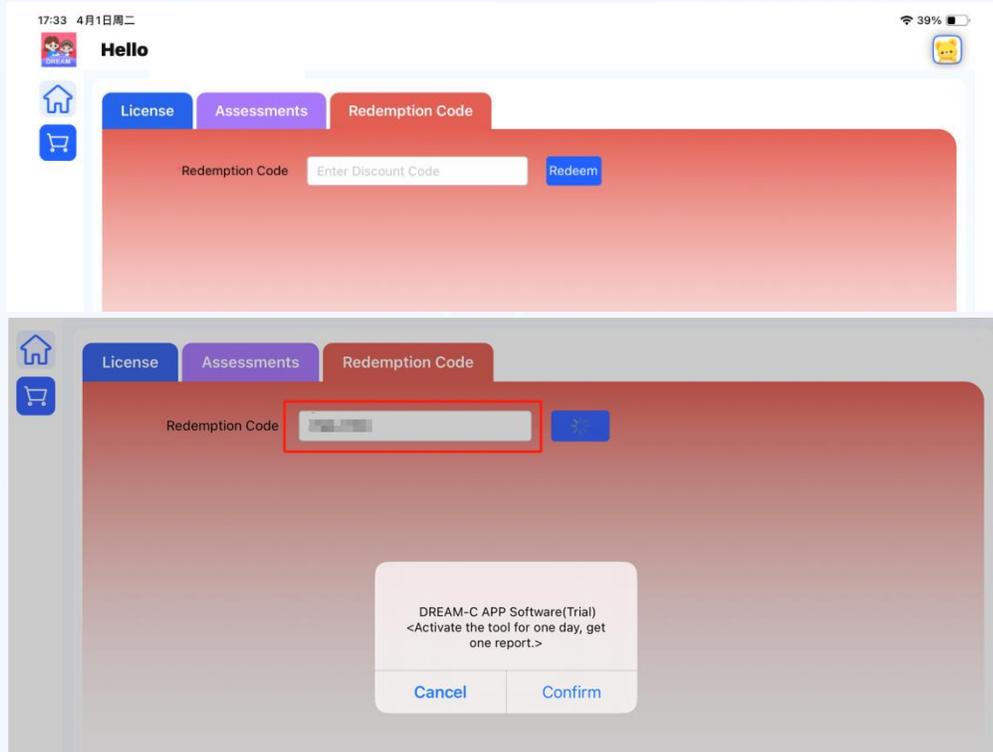

评估时长: 60分钟

国内外使用及认可情况:

- 信效度科研成果发表于国际SCI期刊及权威国际学术会议
- 纳入卫健委《精神障碍诊疗规范》(2020版)

新建儿童

Prerequisites

When creating a test, you need to confirm with the parents whether the child meets the basic requirements for the test. A test can only be created if all the criteria are met.

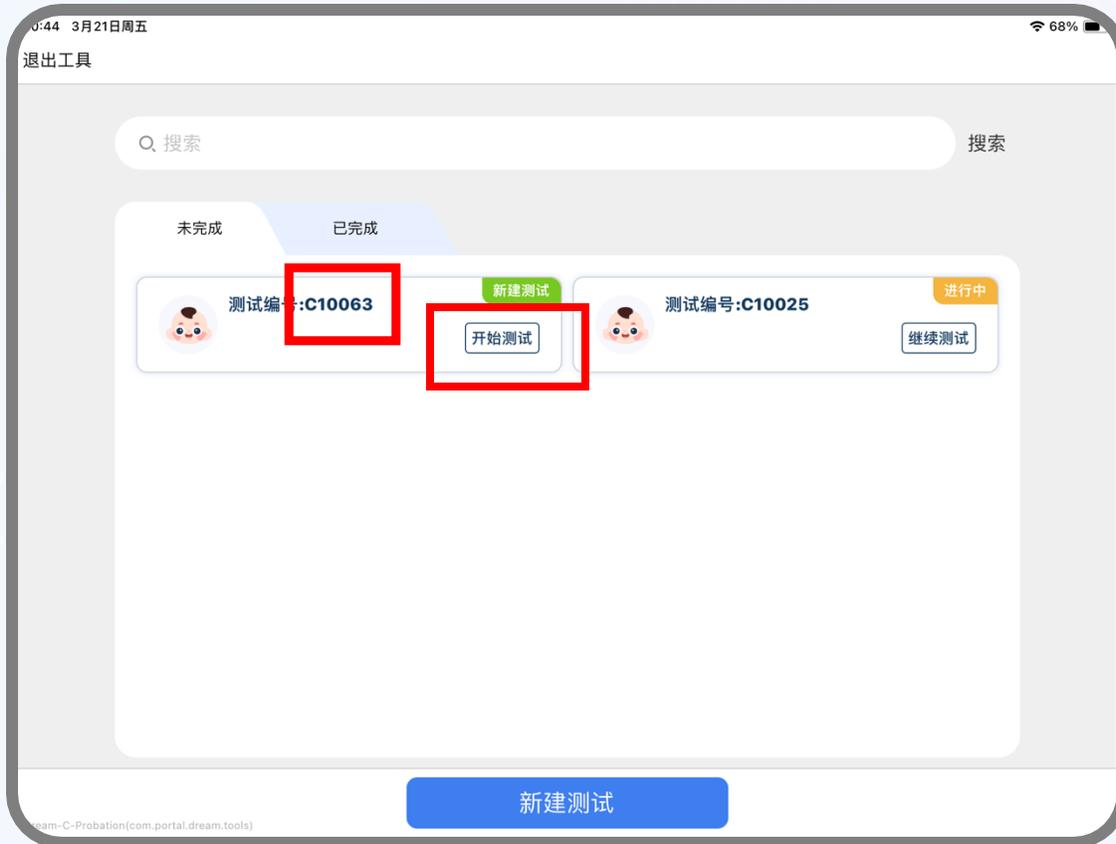

Click the "Submit" button to return to the test.

If a test is not completed within 10 days, it will automatically expire.

Assessment Procedure

PART 03

Assessment Procedure--Start a Test

Start a Test

After filling in the child's information, return to the test homepage, find the target child, and select "Start Test" to enter the test interface.

Please note:

The Bethel DREAM App does not save child's identifiable information such as name, date of birth, or sex. For records keeping, **please keep details of the child information and test report number separately.**

Assessment Procedure--Confirm Child's Info

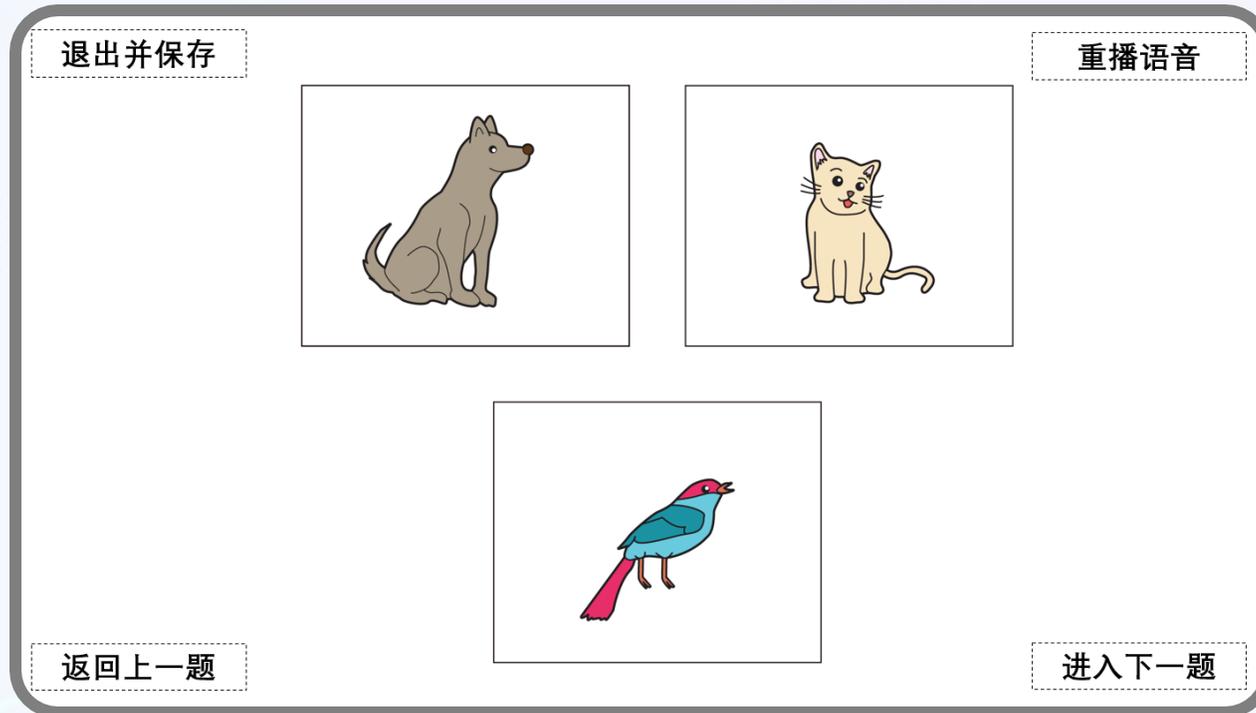

Confirm Child's Info

After selecting "Start Test," you will be directed to the child information confirmation page. Once confirmed, click "Next" to proceed with the test.

Please make sure to confirm the child's age. Once verified, click "Next" to start the test. Once the test completed, the child's information cannot be modified.

Assessment Procedure--Operation Buttons

Operation Buttons

To prevent children from being disturbed while selecting answers, the operation buttons in the assessment are hidden.

- The top left corner is for **Save and Exit**.
- The bottom left corner is for **Returning to the Previous Question**.
- The top right corner is for **Repeating the Audio**.
- The bottom right corner is for **Next Question**.

Note that every item has audio prompts. To adjust the **volume** of the prompts, use the **volume buttons** on iPad.

- When saving and exiting, please ensure you have a stable internet connection to prevent data loss. All tests can be saved and resumed within 10 days.

Assessment Procedure– Complete the Test

Save & Exit

After completing the test, you can click "**View Report**" to check the report or click "**Return**" to go back to the children's list interface.

TEST INFORMATION

TEST ID: C2071XX AGE: 7 Years 7 Months

TEST DATE: 2025-04-02 NAME: _____

STANDARD SCORES & PERCENTILES

Language Standard Scores	Total Language	Receptive	Expressive	Semantics	Syntax
Scores	89.0	91.0	81.0	92.0	86.0
Percentiles	23.2%	27.4%	10.3%	29.7%	17.5%

Percentile is a number between 1 and 99 that is used to indicate where your child's verbal communication skills rank in comparison to children of the same age. The percentile ranking 50% is the average. For example, if your child has a percentile rank of 75%, his/her performance on the test is better than 75% of the children in his/her age group.

80-120 points: typical developing language ability for the same age group

100 points: Average level of language skills for the same age group

If a child's score on a criterion is below 80 points, the child is substantially behind his or her peers in that skill.

REFERENCE FOR INDIVIDUALIZED LANGUAGE INTERVENTION PLAN

这些语言技能是该年龄段开始掌握的或是该年龄段应该已经掌握的。与同年龄段的儿童相比，该儿童在以下语言技能上表现出严重落后

These language skills are usually mastered or almost mastered by the child's age peers. The performance level of the child on these skills is severely behind his/her age peers:

- 从事物属性或方位的描述中理解出句子里新词的意义
Understanding the meaning of a novel word from the description of attribute or location.
- 可以说出各种有细腻语法标记的句子。
Producing a variety of sentences with subtle grammatical markings.

这些语言技能是该年龄段开始掌握的或是该年龄段应该已经掌握的。与同年龄段的儿童相比，该儿童在以下语言技能上表现出比较落后

These language skills are usually mastered or almost mastered by the child's age peers. The performance level of the child on these skills is mildly behind his/her age peers:

- 能说出多个完整的简单句子来描写图画中的内容。
Producing multiple complete simple sentences to describe all the necessary elements of a picture
- 能说出带有“的”字的符合语法的简单从句
Producing grammatical phrases with DE.

Diagnostic Receptive and Expressive Assessment of Mandarin-Comprehensive DREAM-C™

ASSESSMENT ID : C2071XX ASSESSMENT DATE : 2025-04-02 AGE : 7 Years 7 Months NAME : _____

Therapy Plan

Therapy Goal (Receptive-1)

Objective: Understanding the meaning of a novel word from the description of attribute or location.

参考题目: 丢丢是绿色的, 找出丢丢; 嘟嘟是有毛的, 找出嘟嘟; 这些是弟弟画的画, 其中有一辆莉立, 是哪张呀? 替衣是站着走的, 找出替衣

Considerably Behind

★Therapy Goal (Expressive-1)

Objective: Producing sentences with subtle grammatical markings.

参考题目: 爸爸不是关上了门了呢; 妈妈在屋里看书要么在厨房做饭; 可以说出一些有细腻语法标记的句子。

Mildly Behind

Therapy Goal (Expressive-2)

Objective: Producing multiple complete simple sentences to describe all the necessary elements of a picture

参考题目: 什么在被谁骑? 谁在吃什么? 谁被谁追?

Mildly Behind

Therapy Goal (Expressive-3)

Objective: Producing grammatical phrases with DE.

参考题目: 小朋友请看图, 姐姐在大桌子上画画, 在小桌子上吃面条, 哪张桌子小?

Mildly Behind

PAGE 3

ASSESSMENT ID : C2071XX ASSESSMENT DATE : 2025-04-02 AGE : 7 Years 7 Months NAME : _____

Therapy Goal (Expressive-4)

Objective: Producing a variety of sentences with subtle grammatical markings.

参考题目: 爸爸不是关上了门了呢; 妈妈在屋里看书要么在厨房做饭; 妈妈不记得爸爸说过奶奶明年会回老家呀; 爸爸是从北京上火车的

Considerably Behind

Guidelines for Prioritizing Evidence-Based Intervention Treatment Goals

Dimension 1: Reference List of Skills that Need to Be Prioritized Based on the Child's Current Developmental Level

- Reference List of Intervention Treatment Goals for Comprehension + Reference List of Common Errors
- Reference List of Intervention Treatment Goals for Expression + Reference List of Common Errors

Dimension 2: Child's Language Developmental Progress

Within the individualized intervention plan reference list:

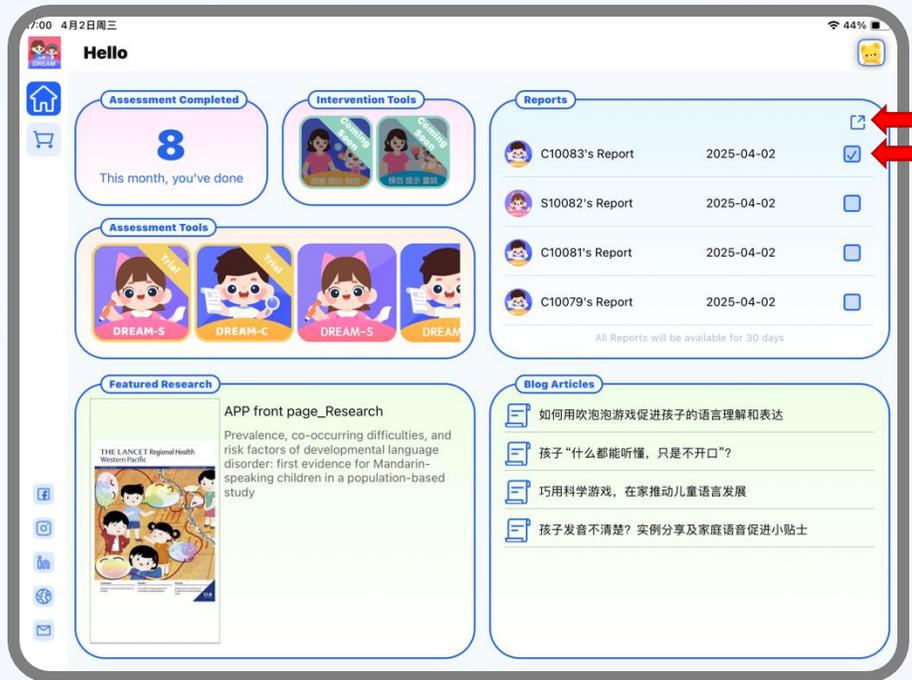

- Skills marked with a star (*) indicate language abilities that typically develop earlier in the child's developmental progression.
- Skills without a star indicate language abilities that typically develop later in the child's developmental progression.

Dimension 3: Zone of Proximal Development (ZPD)

- Mildly Behind: These language skills are usually mastered or almost mastered by the child's age peers. The performance level of the child on these skills is mildly behind his/her age peers
- Severely Behind: These language skills are usually mastered or almost mastered by the child's age peers. The performance level of the child on these skills is severely behind his/her age peers

Saving, Printing and Forwarding Reports

Completed test reports will appear in the **Reports** section of the Bethel DREAM App.

To save, print, email or send reports via other apps,

1. Click on the checkbox beside the report
2. Click on the Send button 
3. A menu of options will appear which will allow you to email, print or forward the selected test reports, using your choice of apps.

Note that

- The Bethel DREAM App Stores test reports for **30 days** – please ensure that all reports are saved/forwarded off within this time period
- The Bethel DREAM App does not save child’s identifiable information such as name, date of birth, or sex. For records keeping, **please keep details of the child information and test report number separately.**
